

GENERAL MEDIA RELEASE FORM FOR STUDENTS AND TEACHERS/CHAPERONES

The DCIS Foundation's mission is to raise money for student and teacher/chaperone travel that enrich the DCIS international curriculum. This includes student exchanges (local, national and international), educational excursions (zoos, museums, and nature centers), cultural immersion, multi-lingual language education, virtual learning, and research.

The DCIS Foundation is asking your permission to use images, video, art materials, ideas and students' names to be presented in events, website, and fundraising materials. In these circumstances, published images of a student or references to her/his achievements may include the student's name (we will only use first initial and last name).

Recently, your student was included while filming footage or taking photos for a project that will or was in-part financially supported by the DCIS Foundation. The edited footage and photos may become part of the website and video montage or marketing materials and helps us raise money for DCIS educational travel.
